GOLD MEDAL ACHIEVEMENT - COMPETITIVE EVIDEN

1st Place Winner - National FinTech & AI Innovation Hackathon 2026

Team Lead: Anuj Bhalothia

National Financial Technology Consortium & Global Developers Forum

Verified Date: July 30, 2026 **[VERIFIED] SkillProof Digital Attestation**

Achievement Recognition

Awarded 1st Place out of 240+ collegiate engineering teams for building SentinelStream - a sub-millisecond AI fraud transaction interceptor for high-frequency banking gateways.

Project Deliverable & Innovation

- Real-Time Vector Embeddings: Embedded incoming transaction metadata into 128-d vectors in < 12ms
- Anomaly Scoring: Deployed lightweight ONNX inference model inside Java edge proxy
- Zero False Positives: Maintained 99.98% precision on historical benchmark datasets
- Sponsor Award: Recognized by AWS and Stripe engineering panels for superior architecture
