VERIFIED TECHNICAL RESUME - SKILLPROOF TIER 1

Anuj Bhalothia - Full-Stack & Distributed Systems Engineer

Contact: anuj.bhalothia@example.com | Bengaluru, India | github.com/anuj-bhalothia

Bachelor of Technology in Computer Science (CGPA: 9.1 / 10)

Verified Date: August 15, 2026 **[VERIFIED] SkillProof Digital Attestation**

Professional Summary

Software Engineer specializing in scalable web systems, distributed computing, and AI-assisted developer tooling. Strong foundations in data structures, algorithms, concurrency models, and cloud-native architecture.

Technical Skills Taxonomy

- Programming Languages: Java 21, JavaScript (ES6+), TypeScript, SQL, Python, Go
- Frameworks & Libraries: Spring Boot 3, React 18, Vite, Node.js, TailwindCSS
- Distributed Systems: Kafka, Redis, PostgreSQL, Docker, Kubernetes, Nginx
- Testing & Tooling: JUnit 5, Mockito, Puppeteer, Git, Linux, GitHub Actions

Key Engineered Projects

1. SmartPrep AI Interview Arena: Real-time dual-tier assessment platform with sandboxed execution.
2. SentinelStream Fraud Interceptor: 1st Place National Hackathon winner with sub-millisecond inference.
3. Apache EventMesh Contributor: Lock-free partition rebalance coordinator optimization.

Certifications & Accreditations

- SkillProof Verified Distributed Systems Architect (Score: 98.4/100)
- AWS Certified Developer Associate
- 1st Place Hackathon Winner - FinTech & AI 2026
